

# Curriculum Vitae

## Dr. Christian Kowol

---

eMail: christian.kowol@univie.ac.at

Date of birth: 03/02/1979

Nationality: Austria

### Experience

---

- |                |  |
|----------------|--|
| 1/2017–        | Assistant Professor (Tenure Track) at the Institute of Inorganic Chemistry, University of Vienna   |
| 6/2016–12/2016 | Senior PostDoc at the FWF project "Tyrosine kinase inhibitor prodrugs to reduce side effects and resistance development".  |
| 1/2016–5/2016  | Research stay at the Department of Radiopharmaceutical Chemistry, Centro de Ciências e Tecnologias Nucleares, IST, University of Lisbon, Portugal, Prof. Isabel Santos |
| 6/2013–5/2016  | University assistant at the Institute of Inorganic Chemistry, University of Vienna   |
| 1/2013–5/2013  | PostDoc position at the Institute of Cancer Research, Medical University of Vienna   |
| 2012 – 2013    | Key researcher at the University of Vienna focus project "Development and Optimization of Multifunctional Nanoparticles for Clinical Molecular Imaging and Therapy"    |
| 2010 – 2011    | PostDoc position at the Institute of Inorganic Chemistry, University of Vienna   |

### Education

---

- |               |  |
|---------------|--|
| 8. July 2009  | Graduation with PhD of Science, First Class with Distinction   |
| 2006 – 2009   | Teaching Assistant (Assistent in Ausbildung) at the Institute of Inorganic Chemistry, University of Vienna   |
| 2006 – 2009   | Ph.D. Thesis: „Effect of Metal Ion Complexation on the Antiproliferative Activity of $\alpha$ -N-heterocyclic Thiosemicarbazones“, Vienna (Prof. DDr. B. K. Keppler) |
| 20. Dec. 2005 | Graduation with Master of Science, First Class with Distinction (Prof. Dr. V. B. Arion)  |
| 2000 – 2005   | Chemistry studies, University of Vienna  |
-
